PROFESSIONAL SUMMARY

I'm a software engineer focused on building fast, modern, and user-friendly applications. I create responsive web interfaces and cross-platform mobile applications with a strong emphasis on clean code, intuitive UX, and long-term maintainability. I also take on freelance works, delivering tailored, effective full-stack solutions that solve real-world problems.

SKILLS

- React.js
- React Native (Expo SDK)
- Next.js
- Laravel
- MySQL
- Version Control System (Git)
- Tailwind CSS
- UI/UX Design Principles

EMPLOYMENT HISTORY

Web and Mobile App Developer
Padel Technology Industries (PADTECH) Corp.
September 2022 – March 2025

- Led the development of responsive and scalable user interfaces using **Next.js**, **React Native**, and **Tailwind CSS** for both web and mobile platforms.
- Handled **UI/UX design tasks**, helping create simple but effective, user-friendly, and modern-looking apps and websites.
- Improved overall mobile apps and website's **performance** by enhancing load times, UI responsiveness, and user experience. Also made the frontend codebase easier to scale and maintain by writing **clean, modular, and reusable components**.
- Helped **upgrade old code** by moving legacy components and systems to newer frameworks and tools.
- Built and used **Laravel APIs** to handle data and business logic for frontend features.

CERTIFICATION AND LICENSES

Career Service Professional Eligibile
Civil Service Commission
September 2022

IC3 Digital Literacy Certification
