+63 956 475 0051

WORK EXPERIENCE

Freelancing
February 2025 – July 2025

- Designed and developed an **online order tracking system** for a local sandal business using **Next.js**, **Laravel**, and **MySQL**, allowing customers and owner to track order statuses, improving business operations by streamlining backend processes.
- Designed and developed a **company website** for a metal fabrication firm using **Laravel Blade** and **Tailwind CSS**, showcasing products and services.
- Designed and developed a **business website** for a car dealership using **Next.js**, **Express.js**, and **MongoDB**, featuring dynamic inventory listings, inquiry forms, and an admin panel for easy content management.

Research and Development Frontend Programmer
Padel Technology Industries (PADTECH) Corp.
September 2022 – April 2025

- Led the development of responsive and scalable user interfaces using **Next.js**, **React Native**, and **Tailwind CSS** for both web and mobile platforms.
- Handled **UI/UX design tasks**, creating simple but effective, user-friendly, and modern-looking apps and websites.
- Improved overall mobile apps and website's **performance** by enhancing load times, UI responsiveness, and user experience.
- Helped **upgrade old code** by moving legacy components and systems to newer frameworks and tools.
- Built and used **Laravel APIs** to handle data and business logic for frontend features.

Frontend Developer
Sociov Innovation Technologies, Inc.
July 2021 – December 2021

- Maintained the frontend of the company's official website using **React.js** and **Tailwind CSS**.
